

The JXN Water Scholarship Fund

PURPOSE

The JXN Water Scholarship was established at the Community Foundation for Mississippi to provide financial assistance to high school seniors attending a public school in Hinds County interested in pursuing a degree in STEM (Science, Technology, Engineering, Math) discipline that could lead to a career in water and wastewater operations and management.

Applications are open to seniors currently enrolled at a Jackson Public School District High School, Hinds County School District High School and Clinton High School who will attend Hinds Community College (any campus located in Hinds County) or Jackson State University. Four students will be selected to receive an award of \$2,500. The award is for a period of one academic year.

SCHOLARSHIP INFORMATION

Coming on board as the interim third-party manager of the City of Jackson's water system, Ted Henifin knew he would need to think upstream about the water workforce pipeline. Henifin saw the water system was severely understaffed and struggled with hiring due to a lack of qualified candidates. To help address this challenge, the JXN Water Scholarship Fund at the Community Foundation for Mississippi was created. The scholarship will help ensure more properly trained persons will fill those positions in the future.

APPLICANT ELIGIBILITY AND SELECTION CRITERIA

- Currently enrolled senior at a high school in Jackson Public School District, Hinds County Public School District and Clinton High School.
- Minimum GPA of 2.5 and significant coursework in STEM.
- Ability to apply and gain admission to Hinds Community College (any campus located in Hinds County), or Jackson State University.
- Two letters of recommendation:
 - One letter from a teacher who taught the applicant for at least one semester in a STEM subject.
 - One from an unrelated adult with knowledge of the applicant's character.
- A one-page essay on how the water crisis in Jackson has impacted the applicant's life.
- The deadline to submit applications is **April 15, 2024**.

Applicants may apply for additional JXN Scholarship Funds for additional semesters subject to the following criteria:

- (1) Maintenance of a minimum GPA of 2.5 in all coursework
